NATURAL RESOURCES REPORT – Husker Harvest Days

9/01/2010 Wednesday at 4:17 PM

Word Count: 235

I'm Roger Lawson, the Information & Education Coordinator for the Middle Republican Natural Resources District in Curtis, NE

- Pause – This is the Natural Resources Report...

After the State Fair is over, you will have yet another reason to visit Grand Island. Husker Harvest Days begins just a week after the State Fair. This year, it is being held September 14 through the 16th just west of Grand Island on Husker Highway. The 23 Natural Resources Districts will have a booth at the far north side of the exhibit grounds. We invite and encourage you to visit our booth while you are attending Husker Harvest Days. We will be giving away free pine tree seedlings and information provided at our four exhibit tables. Volunteers from different districts will be on hand to answer questions about our natural resources conservation programs or just chat about the weather or how good the farm show food is this year.

While you're in our tent, visit the tables of other natural resource agencies that will also be on hand to provide information, answer questions and fill your bag with freebies. These agencies include the Nebraska Forest Service; Nebraska Department of Environmental Quality and others.

Meanwhile, go to the Husker Harvest Days website and plan your visit at huskerharvestdays.com.

Thank you for listening. This is Roger Lawson, keeping you informed about your natural resources. Protecting Lives, Protecting Property, Protecting the Future.
